

# Ledinaire All-in floodlights

## BVP167 LED60/830\_40\_65 DOB 50W SWB

Ledinaire All-in floodlights, 50 W, 5500 lm, 6000 lm, 3000 K, 4000 K, 6500 K, Symmetrical

With this Ledinaire all-in floodlights range, you can easily adjust the color temperature by a simple switch. No need to choose between warm white, neutral white or cool white anymore, you get all this in one single product! The range comes with the Philips high quality levels at a competitive price. Reliable, energy-efficient and affordable – just what you need.

#### **Product data**

| General Information             |                                      |
|---------------------------------|--------------------------------------|
| Lamp family code                | LED60S [LED Module, system flux 6000 |
|                                 | lm]                                  |
| Number of gear units            | 1 unit                               |
| Driver included                 | Yes                                  |
| Photocell                       | -                                    |
| Light source engine type        | LED system in flux                   |
| Value ladder                    | Value                                |
| Embedded control                | -                                    |
|                                 |                                      |
| Light Technical                 |                                      |
| Upward light output ratio       | 0                                    |
| Luminous Flux                   | 5,500 6,000 lm                       |
| Standard tilt angle posttop     | 27°                                  |
| Standard tilt angle side entry  | -                                    |
| Luminous Efficacy (rated) (Nom) | 110 120 lm/W                         |
|                                 |                                      |

| Correlated Color Temperature (Nom)          | 3000 4000 6500 K                     |
|---|--------------------------------------|
| Color rendering index (CRI)                 | 80                                   |
| Flickering value (PstLM) - Flickering value | 1                                    |
| as per EN 61000-3-3                         |                                      |
| Light source color                          | 830 warm white and 865 cool daylight |
| Optic type                                  | Symmetric 110°                       |
| Optical cover type                          | Glass                                |
| Luminaire light beam spread                 | 110°                                 |
| Optic type outdoor                          | Symmetrical                          |
| All-in Type                                 | All-in, Multi Color Temperature      |
|   |                                      |
| Operating and Electrical                    |                                      |
| Input Voltage                               | 220-240 V                            |
| Line Frequency                              | 50 or 60 Hz                          |
| Inrush current                              | 1.68 A                               |
| Inrush time                                 | 0.0082 ms                            |

# Ledinaire All-in floodlights

| Power Consumption                        | 50 W                                     |
|--|--|
| Power Factor (Fraction)                  | 0.95                                     |
| Connection                               | Flying leads/wires                       |
| Cable                                    | Cable 1.0 m without plug                 |
| Number of products on MCB of 16 A type B | 43                                       |
|  |  |
| Temperature                              |  |
| Ambient temperature range                | -25 to +40 °C                            |
|  |  |
| Controls and Dimming                     |  |
| Dimmable                                 | No                                       |
| Driver/power unit/transformer            | Driver integrated on LED board (DoB)     |
| Constant light output                    | No                                       |
|  |  |
| Mechanical and Housing                   |  |
| Housing Material                         | Aluminum die cast                        |
| Reflector material                       | Polycarbonate                            |
| Optic material                           | Glass                                    |
| Optical cover material                   | Tempered glass                           |
| Fixation material                        | Steel                                    |
| Housing Color                            | RAL 7043                                 |
| Mounting device                          | Via U Shaped Bracket, Aiming Scale Angle |
|  | Universal Installation                   |
| Optical cover shape                      | Flat                                     |
| Optical cover finish                     | Clear                                    |
| Overall length                           | 232 mm                                   |
| Overall width                            | 173 mm                                   |
| Overall height                           | 30 mm                                    |
| Effective projected area                 | 0.02775 m²                               |
| Dimensions (Height x Width x Depth)      | 30 x 173 x 232 mm                        |
|  |  |
| Approval and Application                 |  |
| Ingress protection code                  | IP65 [Dust penetration-protected, jet-   |
|  | proof]                                   |
| Mech. impact protection code             | IK07 [2 J reinforced]                    |
| Surge Protection (Common/Differential)   | 1.5/1.5 kV                               |
| Sustainability rating                    | -  |
| Protection class IEC                     | Safety class I                           |
| Glow-wire test                           | Temperature 650 °C, duration 30 s        |
| Flammability mark                        | For mounting on normally flammable       |
|  | surfaces                                 |
